GENERALITIES OF THE GAME

WINNER SELECTION: A single ticket number will be selected each draw by a gaming lab certified Random Number Generator (RNG) from all raffle ticket numbers sold during the week leading up to the draw. Draws will be made at the Sutherland Curling Club 141 Jessop Ave, Saskatoon, SK. The draw will be made at 4:00pm. The SCC will have a minimum of three people present at each draw. Purchasers do not need to be present to win. If the winning ticket has more than one name on it, the prize will be awarded to the first person's name on the ticket. It is the responsibility of the ticket holder to distribute the winnings.

WEEKLY WINNER: The weekly draw winner will receive a single prize equal to 20 percent of all ticket sales collected during the week and have a chance to win the progressive jackpot by finding the Ace of Spades from a standard deck of 52 playing cards shuffled and placed face down on a numbered board from 1 to 52. If the winner is not present at the draw, the winner will be contacted by phone and given 10 minutes to come down and select a card or can select a card by selecting a remaining board number from the remaining numbered board spots. If the winner cannot be reached, a designated proxy (Dwayne Yachiw, Dallas Burnett or Landon Field) will select a card for the weekly winner. If the card revealed is not the Ace of Spades, the selected card is eliminated from the following week's available cards, the highest numbered board spot is eliminated from the board for the next draw's card placement and

the game continues. Week 1 board spots will be 1 to 52, Week 2 will be 1 to 51, Week 3 will be 1 to 50, Week 4 will be 1 to 49, etc. All tickets from the previous week are then voided and ticket sales commence for the next weekly draw.

PROGRESSIVE JACKPOT: If the card selected reveals the Ace of Spades the weekly draw winner will also receive the Chase the Ace Progressive Jackpot, consisting of 30 percent of all ticket sales collected over all the weeks and the Raffle is then concluded. If the Ace of Spades is not drawn the Progressive Jackpot carries over to the next week. Once the Ace of Spades is drawn the raffle will conclude. It will then be up to the SCC if they wish to restart the raffle over again, depending on the time left in the raffle.

GAME PLAY OUT: If the current game is not concluded by the end of the licensing period the game will be played out on the last Tuesday of the license which will be March 25, 2025. RNG draws will be made and cards selected until there is a winner. There will be no sales between these draws and if the 20% prize weekly winner does not choose the ace, only the 30% progressive jackpot will be eligible to be won by subsequent draws.

NUMBER OF TICKETS: Maximum number of tickets 150,000 with maximum sales of \$75,000 and a maximum prize value of all weekly and progressive jackpots of \$37,500.

POSTING WINNERS: The winning ticket number will be posted to SCC website following each weekly draw, along with the weekly prize amount and the revealed playing card associated with the weekly winning ticket. The winning ticket number will also be posted on a bulletin board in the lobby of the curling club following each weekly draw, along with the prize amount and the revealed card from the deck associated with the weekly winning ticket.

CARD SECURITY: A standard deck of 52 playing cards will originally be counted and the Ace of Spades confirmed to be in the deck. After each week's card selection, the remaining cards will be secured by licensee until the next draw.
